Notice for Parents
7th April 2020

Dear Parents/Carers,

We hope you are all keeping well during these strange and unprecedented times. As this National Emergency continues into it’s 3rd week we have been discussing how best to support the children with their continued education, especially for those who will be attending Reception in September. Therefore, we have decided to put together a weekly learning focus. The focus will be an area of the Early Learning Curriculum e.g. Mathematics. It will show 2 boxes. The first box ‘Can I?’ will guide you in identifying what your child can/cannot do and the 2nd box will give you some ideas on activities to teach it.

These activities are not compulsory! We understand that there is a lot of worry and uncertainty right now, but we also wanted to ensure that we are providing what we can to help.

If you need any guidance or support with other activities, please let us know.

Mrs Wilkin 😊
Activities/Ideas

Mathematics

Week 1, April 2020

Mathematics Learning Focus:

1. Recognise numbers 0-5 all are there and say how many there are.
2. Count groups of objects.
3. Say which group has more/less objects?
4. Count to 10 all by myself.
5. Sing counting songs e.g. 5 little
