How did Scarlett feel at different points in the film? Do you think she has lots of emotions? What would they be and why?

Who helped her with her emotions and how?

If Scarlett was at our school, how would you help her?

What do you think the moral of the story is?

Our thought of the week is:

‘Hope is being able to see that there is light
Despite all of the darkness’ by Desmond Tutu

Can you think of any other quotes/sayings that would help Scarlett?
