VE day celebrations

Victory in Europe Day is on Friday 8th May 2020. We have uploaded a special VE Day at home pack from Wiltshire Council for all ages to celebrate and mark the 75th anniversary of this historic moment in time.

Freya has sent us a great stop motion animation to commemorate VE day which we wanted to share: <https://drive.google.com/open?id=1u06qLjSzpT8JOTwtPRdCG33J7OuluxHk> Please do send in any other great learning!

Home Learning

Parents can find work for the children on the class pages each Monday, or come into school to pick up a work pack. We also have teachers calling all the children in the school to talk about their learning. We have really enjoyed hearing about all the great things you have been getting up to at home!

Childhood immunisations

Public Health England is reminding parents and carers that childhood immunisations are continuing through the Covid-19 (coronavirus) outbreak. Parents have been urged to keep GP appointments for routine jabs during the coronavirus crisis and to make sure routine childhood immunisations - which offer protection from a range of serious and sometimes life-threatening infections, including measles and meningitis - are started and completed on time.

While preventing the spread of Covid-19 and protecting those who are most vulnerable is a public health priority, it is very important to maintain good vaccine uptake and coverage of immunisations. The childhood immunisation programme protects against diseases including whooping cough, measles, meningitis and pneumonia.

Surgeries are still offering vaccination appointment for children and parents are urged to make sure they keep appointments or book new ones if needed, in order to give children the best protection against a range of serious and sometimes life-threatening infections.

Support for Parents

Wiltshire SEND inclusion teams, BSS, SSENS, EPS, and EMTAS will be accepting requests for support for children and young people who are experiencing significant difficulties with their emotional wellbeing and mental health during the lockdown period.

Requests are to be made by the school in consultation with parents on the Request for Remote Consultation form (attached) and sent to TSL.OperationalOffice@wiltshire.gov.uk, and will be triaged on a weekly basis. Following triage a member of the inclusion teams will contact the family for a one-off remote consultation to problem solve and generate strategies.

Artwork

Below is a wonderful piece of artwork by one of our students. Maybe this is something you can try at home with the children. A memento of this unusual time we are currently living in.
