## Celebrations

A very big well done to the following children who have been chosen by their class teacher for **excellent home learning work** this week.

### Infants

#### **Reception** – Dahlia Ganley

for her explanation of the life cycle of a butterfly.

#### **Year 1** - Ella Gregory

for making a musical instrument and consistently going above and beyond with her home learning.

#### **Year 2** – Lucie Collins

for emailing extra work that she completed, along with a very detailed United Kingdom Fact File on the computer.

### Juniors

#### **Year 3** – Alfie Lowe

for his very detailed and interesting hedgehog research and writing.

#### **Year 4** – Sebastien Fleming

for designing a well designed and informative presentation on Florence Nightingale.

#### **Year 5** – Emily Cardilli

for completing all of her directed tasks this week including a really detailed description of Florence Nightingale on Purple Mash.

#### **Year 6** - Anaika Irfan

for preparing and writing an informative newspaper report for the VE Day commemorations.

## Best Class Reward

Each class teacher informs me of the number of children who are sharing their work with them every day and the Best Class is the class who has the **most number of children** sharing work throughout the week.

Rec – 24/29 = 83%

Year 1 – 26/30 = 87%

Year 2 – 24/30 = 80%

Year 3 – 22/29 = 76%

Year 4 – 22/30 = 73%

**Year 5 – 28/30 = 93%**

Year 6 – 25/29 = 86%

### **Year 5 are the winners of Week 8 – Well done!**

We will celebrate weekly the best class and when we return to school, the class which was the 'best class' **the most** will receive a treat.

**Positive thoughts** in the time of the Coronavirus Pandemic:

**This is good for the planet.**

So good! No tourism, no ferries, so few planes. Carbon emissions are sinking at the speed of light and in China in the quarantined areas Forbes says 77,000 lives were saved by reducing pollution.

In Sardinia dolphins are swimming in harbours  
in the absence of ferries.
