Properties and Changes of Materials

- material
- mixture
- property
- liquid
- magnetic
- solid
- conductor
- filter
- insulator
- heat
- dissolve
- attract
Properties and Changes of Materials

material, mixture, liquid, solid, filter, heat, attract

magnetic, conductor, insulator, dissolve

liquid, solid, filter, heat, attract

mixture, liquid, solid, filter, heat, attract

mixture, liquid, solid, filter, heat, attract
Properties and Changes of Materials

irreversible  magnetic
transparent    mixture
insoluble     permeable
reversible    solid
seperate      chemical
seperation    conductor
suspension    hard
material      sieve
property
