Top Tips For Surviving Secondary School

Here are some top tips for surviving secondary school! Using these, create a guide for Year 6 pupils to help them prepare for Year 7. You could make a booklet, a poster, a leaflet or a presentation – it can be made on a computer or paper, and you can use whatever materials or pictures you feel are appropriate. If you would like to use video, please do! It is up to you - whatever you feel is the best way to present the information!

Be Prepared
Look at your timetable! Make sure you know where to go and when.

Be Brave
It may seem hard to make new friends, but everyone is feeling the same way. Why not try saying hello?

Be Enthusiastic
Teachers won’t expect you to get every answer right. However, they will be very impressed if you try your best and ‘have a go’ at learning new things.

Be Kind
If someone else looks like they are having a tough time, try to help. This is a great way to make friends. Hopefully they will return the favour too!

Be Organised
Make sure you have the correct books and equipment with you for each lesson.

Be Honest
If you do something wrong or forget something, it’s much better to own up straight away. It may be difficult to do, but you will feel better in the long run!

Be Resilient
Sometimes things won’t go your way. This is normal and happens to everyone, so don’t worry. Remember ‘tomorrow’s another day’.

Believe in yourself! You can do it!
