Changing numbers in school

Over the last week we have continued to see the number of children eligible for places increase and it has been wonderful to welcome them all back to school. As it stands we are able to continue to offer places for Y1 pupils who are not key workers or from identified groups. However, it is important that we make you aware that this age group would be the next to close should numbers continue to rise.

September 2020

We are expecting further guidance in July about how the government sees schools looking in September. We will be working hard to adapt this guidance for Bishop and communicating this with you as soon as possible so that you and your children know what to expect when you return. As you are aware, our recent school development priority of Mental Health involved revisiting how we arranged our transition procedures and these were successful last year. In light of the current circumstances, we will still endeavour to make the transition, not only to new classes but back to school life, as supportive and positive as possible.

Class Zoom Meetings

This week we have had a further seven Class Zoom Meetings. It has been amazing to see so many children engaging in this opportunity to see their classmates and their teachers. The feedback we have received has been extremely positive. We aim to continue these meetings in the last few weeks of this term and hope to see many more of you soon.

Take care, stay safe and we will see you soon.

Kind regards,

Dave Killoran
(Headteacher)
