Task 2
Using Inference

With an adult discuss some of your ideas.
Then write an answer for each question in full sentences.

Question time!

1. Why is the man wearing small binoculars clipped to his glasses?

2. Why are two people needed for this procedure?

3. Why is a bright light above the patient’s head?

4. How can you tell that the people want to stay safe from infection?

Support: I think that.... I can infer this because...
