### Parents / Children Years 2 - 5

We are missing you all! Unfortunately, we do not have the capacity to bring back any other year groups back to Ss Peter and Paul, or to be open over the summer. We have 17 members of staff (including myself) in and working – some fulltime and some part-time, We have 8 bubbles so all the classrooms and the hall are in use, each bubble has two members of staff and I work with one bubble on a Monday and Friday. Therefore, in terms of space and staff we are at full capacity. The recent government announcement says we will have all the children back in September, which is brilliant. I cannot recommend highly enough Alphablocks and numberblocks (CBbeebies) for pre-school, Reception and Year 1 – also if your child struggles they may be even find it fun to watch at Year 2. The Oak National Academy <https://www.thenational.academy/> is staying open online all next year – again, the resources are excellent and I would highly recommend that children continue to explore this and BBC bitesize all through the summer. Do maintain the connection with school by allowing your child/ren to watch our meditations and online worships. We have posted four this week. The first link below is for the KS1 meditation and the second one is for KS2 meditation.

When we get back to school in September we will be working hard to make sure the year groups that have not been in school are happy and comfortable – as they will have missed 14 teaching weeks out of a 38 week ‘teaching’ year – so around one third. We will complete many well-being activities with them, ensuring they feel happy – as you cannot learn if you are unhappy. We will complete assessments so that we know exactly where the children are and what they need to learn/do next. You have all been so positive for so long – stay with it – try to get back to routines if these have been lost. You may feel that home learning has not gone as you would have liked, then continue through the school holiday (but making sure you take a couple of weeks off at some point). I know it has been hard, but you have had a unique opportunity to spend lots of time with your children and get to know them as ‘little learners’. It will soon be over and as life gets back to normal we may look back on ‘aspects’ of this time with a type of fondness, It is important that we continue to pray for one another remembering the loss that some families have suffered::parents, grandparents, special occasions and even jobs. TAKE CARE/ KEEP SAFE

The **next test is available** on Symphony Maths – some children have had a problem with this as it was in American English rather than British English and uses American money – so I will go in and change it where I can.
