Wednesday 8th July –End of Year Reports will be emailed home

Week Beg Monday July 6th– Year 2 Goodbye Events– details to come

Phased Opening continues...

We are now preparing to welcome 223 children into school from next Monday. If you have decided to send your F1, F2 or Y1 child back details of their group, timings and drop-off/collection plans have been sent to you by email. SLT will continue to be on the gates to monitor arrival and departure to ensure things are working smoothly and safely. Key Worker groups, one for each year group, are all now full. We have grown from an average total of 18 F1-Y2 children in per day to 15 children per year group in each day. This is an incredible increase and staff are doing an amazing job to cater for them in school all day.

Teachers are all working in school each morning with groups of children and then planning, resourcing and uploading online activities for children to continue their learning from home.

Remote Sport’s Day Event...Wednesday 24th June.

We had really big plans for our Sport’s Day this year. Having allocated all children to a Bedgrove Family; Resilience, Respect, Responsibly or Relationships, we wanted to have Family Based Sport’s Days, where children worked in mixed year groups on challenges for you to come and watch. Siblings are in the same Families, so you would only need to attend one event and could see your children all working together! Obviously these plans have now been scuppered so we will postpone this idea until next year and try something else a little different instead. A Remote Sport’s Day. James, our Sport’s Factor Coach, has prepared some challenges for children to complete whether they are at home or in school. These will be uploaded on your Seesaw pages so everyone can access them. The challenges will involve you recording your scores for these task and then completing a form sent to you from school so we can analyse all the results across your class, year group and Bedgrove Family. You can also send in photos and videos of you doing these activities for our Seesaw Blog, so we can all share in the fun you have! It is looking like a scorcher on Wednesday, so be careful in the sun.

Wear your hats and sun cream. Drink water and try to stay in the shade!

We will share details of the winners in a future newsletter!

Good Luck to you all.

Grover Club

As you know, Grover is not open at the moment as there are not enough parents requiring their service. Please do contact them directly if you think or know you may need them in the Summer holidays so they can plan to re-open if there is enough interest. Please do this ASAP, so they have an idea of numbers - this is key to their planning.

Thank you
