Dear Parents and Carers,

It has been lovely to welcome back other year groups as part of our wider re-opening plan over the first part of the term.

Groups who are in now are well accustomed to the new world of yellow lines, social distancing between groups and handwashing.

Thank you to all of you who responded to the survey about the wider re-opening to other year groups. I feel it is really important to give the other children a chance to see friends and experience school and I value and appreciate the opinions you shared with me regarding this, as I planned the logistics of this happening.

Children who are currently in the key worker bubbles will not be able to switch to another bubble when their child's year group return on their allocated days. This is so we don't mix between bubbles. We do not wish to be awkward but we must follow the Health and Safety plans that we have put in place to safeguard children, families and staff.

I continue to be impressed by the amazing learning that is taking place at home and is posted onto SEESAW, I am sure that much more is also taking place. I would like to congratulate and thank both children and parents for their continued commitment to learning – you are doing an incredible job during such a difficult time. No doubt this positive attitude to learning will help our children immensely when they return to school-based learning, whenever that may be.

Staff are here if you need any support or guidance around home learning or any other issues; staff may be busy supervising 'bubbles' during the day but will respond to any requests as soon as we can.

Thank you for your ongoing patience and understanding; it has been heart-warming to receive so many lovely messages.

Please see the timetable below, so that children in all year groups can have an opportunity to experience school life before the summer break. The decision to send your child back is up to you as parents to decide and not compulsory at this time.

We would appreciate if you could respond to the survey to indicate if your child will or will not be taking up this space on the allocated days within the timetable. This is vital so that resources and space can be prepared in advance.
