Continuing our topic on ‘Contrasting Locations, Australia and the UK’, we are going to write some acrostic poems based on Australian native animals.

Definition: An acrostic is a poem where the first letter spells out the word which is the focus of the poem.

For example:

Cuddly
Acrobatic
Tenacious
Softly purring

Can you write one, or several (!) to describe an Australian Animal? EG: Kangaroo, kookaburra, platypus, emu and koala...
