Writing activity Year 3/4 Term 6 Week 7

We are focusing on ‘The Sea’ as a theme this week and for writing we are going to try and write ‘A Message In A Bottle’

People write messages and put them in bottles in the hope that the bottles reach someone in another land.

In the past, people stranded on a desert island have placed messages in bottles, hoping someone eventually finds it and sends help to the stranded person.

You are to pretend to be stranded on an island surrounded by sea. You write a persuasive letter, desperately seeking help with being rescued. Describe what it is like on the island (where you sleep, what you eat, what animals you have met etc) and the problems you have faced.

On this website you can read some interesting Message in a bottle stories...
