17.07.20

Dear Parents/Carers

## **AFTER SCHOOL CLUB**

Recent guidance received this week sets out how After School provision can be organised in schools, and we are delighted to be able to invite After School UK back to school for them to be able to offer this provision again from September.

If you would like to secure a place at After School for the next academic year, please telephone **Christine Burkett on: 07717188235**. Please note that places are limited and will have to be booked in advance.

There will be a number of changes made to After School provision in September to ensure that all guidance relating to Covid-19 is followed. We, as a school, will be in receipt of After School UK's risk assessments and are confident that the measures they are planning to put in place to keep children, staff and parents safe will be as robust as possible.

After School UK will provide details to parents closer to the start of the Autumn term, regarding all the measures they are taking, and we will share these on our School Jotter and Website.

Please note that for Nursery and Reception children, After School provision will not be available until the children are fully transitioned into school: Nursery starting wc 12<sup>th</sup> October and Reception starting wc 28<sup>th</sup> September.

Kind regards

*L Melia*

Mrs Melia  
Headteacher
