

Long Ridings Primary School

Ethos and Values:

Long Ridings is a warm and welcoming community where everyone is nurtured, encouraged and valued.

Children are educated as 'whole' individuals. We care about academic success but we also work to develop children's self esteem, emotional well-being, physical development, social skills and moral values.

We aim to make our school the happiest, safest, most stimulating environment possible.

Underpinning this approach is our school motto, which reflects the four initials of the school's name:

Learn - Respect - Perform - Succeed

Learn and discover

Respect one another

Perform to your best, achieve

Success.
