

Dear parents and carers,

We are planning a couple of exciting art projects with the children over the next few weeks to enable us to capture their experiences of this important and momentous period in history that we are all currently living through.

We are going to give our memory trees a refresh by asking each child to decorate a bubble to hang from them as a way of commemorating their lockdown experience. Although we will do this activity with them in school, we are asking for your help and support in providing us with one small item that represents their time in lockdown, or that represents a special experience they enjoyed during that time for example shells collected from a staycation, a pine cone from a woodland walk, a small lego model or jigsaw pieces from days of joyful playing, a miniature book..the possibilities are endless! The only criteria is that it should be small enough to fit inside a bauble (think Christmas bauble size as a guide)

Please could this be sent into school in a small named plastic bag as soon as possible and before Monday 21st September. If possible, could you anti bac it before sending in and we will repeat this in school for additional safety.

Kind regards

The staff at Penns
