

EYFS Home Learning

Reception and Nursery will start home learning tomorrow (Tuesday 15th September)

The sessions will take place over Zoom, followed with an activity which can be found on our webpage www.stacksteads.lancs.sch.uk (classes)

The Zoom session will be approximately 15 minutes long and can be accessed, alongside the activities, via a mobile device, tablet or laptop.

A Zoom link will be emailed to the address provided over Summer.

Below is the timetable we will follow each day. Please help your child to access all of the sessions 5 minutes early and the follow up activities.

9.30 Reception Phonics

10.30 Nursery Story

11.30 Reception Maths

1.30 Reception Topic

Reception Children

If you are able to print out the phonics flashcards, numicon shapes and number cards on our website that would be a great help during the sessions. There are also paper packs available at school if needed. Please provide them with paper and a pencil/paper for them to have a go with mark making.

Reception children have been signed up to Teach your Monster to Read (phonics) and Active Learn (reading books) so please encourage them to access these as often as possible. Their username & password will be sent to your email, along with a session link for the Zoom sessions.

Please bear with us as we set up the sessions. If you have any queries or problems accessing the sessions or work set, or you do not receive your email, please send an email to eyfs@stacksteads.lancs.sch.uk. We will be available all day through email so please contact us on this rather than the school office.

Thank you for your patience and support during this time.
