

## Can my child go to school today?

### Do they have any COVID Symptoms?

- **a high temperature** – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- **a new, continuous cough** – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- **a loss or change to your sense of smell or taste** – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

**Yes**

They have a COVID symptom

**No**

They do not have a COVID symptom

### Self Isolate and Book a COVID Test

Book the test online or call 119

All members of the household should stay at home until the test result is known.\*

### Do they have diarrhoea or vomiting?

**No**

They do not have diarrhoea or vomiting

**Yes**

They have diarrhoea or vomiting

### Do they feel unwell?

It is important that parents keep children at home when they are unwell

**No**

They do not feel unwell

**Yes**

They feel unwell

### Send to School

So long as your child feels well, has not been told to self-isolate and there are no other household members with COVID symptoms, it is OK for them to attend school.

### Keep at Home

- Remain off school until they feel well enough to return. Seek medical help from a GP if needed (or 111 if your surgery is closed).
- Remain off school until at least 48 hours after the last episode of diarrhoea or vomiting. A COVID test is not required for diarrhoea and vomiting without the other symptoms above.

\* Visit [gov.uk](https://www.gov.uk) for advice on when to stop isolating and return to school after a positive or negative test.
