We do understand that staggered start and finish times can be inconvenient for families. However we would be grateful if parents did not arrive at the school gates early as we are trying to avoid congestion around school. If you do have to wait, please wait in a socially distanced line to allow other families to safely pass on the pavement. Parents can wear a face covering to enter the school grounds if they wish.

Has your child accessed Google Classroom? They can now access their homework remotely, Please see their personalised letter which was sent home last week.
