## Climate Champions

We received our climate champion plaques from the Environmental Agency last week.

They are now on display in our school Reception.

Thank you to the KS2 Eco Warriors from last year and Miss Sinclair for all your hard work and winning this fantastic award for our school.

## Remote Learning

Following Government guidelines and expectations if there is a local or National lockdown that involves primary schools closing (hopefully not!) we would be expected to continue educating all our pupils. Therefore, in the event of this happening we would provide teaching and learning activities through Google Classroom.

## Google Classroom

To enhance the teaching that we provided during the first lockdown we would also record teaching and learning presentations as well as setting activities for the pupils to complete in their own time. We also intend to provide set times during the day where the pupils in the class can ask the teacher questions about their work to provide further support/challenge or live interactive sessions for the pupils to take part in.

We must emphasise that we do not know any more than you about the Governments intentions in terms of lockdowns etc. and we firmly hope that we can continue to teach the pupils safely in our school building.

If you have any difficulties accessing Google Classroom, please email [enquires@wnp.wvpat.org](mailto:enquires@wnp.wvpat.org)

## 10 day Active Travel Challenge

Don't forget that our school is taking part in the 10 day active travel challenge

starting next **Monday 12th October.**

Pupils who travel on

bikes and scooters can store them in school until home time. All we ask is that the children push their bikes or scooters in the school grounds and that they are kept in a safe place close to the classroom your child is in.

## Gold Award

A huge WELL DONE to Evangeline Hemphrey-Horton, Macey Marshall,

and Zayan Rashid

who have all achieved their gold award on Mathematics.

## Operation Encompass

**Supporting children through key adults  
'MAKING THE NEXT DAY BETTER'**

We would like to remind you of a project that was introduced in South Yorkshire just over a year ago. It is called Operation Encompass, a partnership between South Yorkshire Police and Education, supported by each Local Safeguarding Children's Board.

Operation Encompass has been designed to provide early reporting on any domestic abuse incidents, where the police have attended and that might have an impact on a child in school.

A key safeguarding member of staff in school will be informed when a domestic abuse incident has been recorded within the previous 24 hours or over the weekend. This will enable school to monitor children possibly affected and, where required, support if necessary.

The designated member of the school staff will use the information that has been shared, in confidence. They will also ensure that the school is able to make provision for possible difficulties experienced by children who have been involved in, affected by, or witnessed a domestic abuse incident.

We are keen to offer the best support possible for our children and young people and we believe Operation Encompass will enhance the safeguarding within school. This will be extremely beneficial for all those involved.

Our Key Adult is Miss Middleton.

We will continue to work in partnership with our parents and other agencies to ensure all our pupils are safe and happy.
