

TAC FORUMS

Early Help Consultants are excited to be offering Forums to all professionals working with children, young people and families as part of our offer of support to our partners.

As we return to the 'new' normal with a new school term we feel this would be a great opportunity to get together and talk about successes and worries during this time for the children in your care.

We aim to ensure this is a multiagency session, allowing us to explore how we can support each other whilst creating some new ways of working in early help and TAC.

We would like the initial session to be relaxed and an open forum to discuss your current queries and explore the options for a way moving forward.

As a team, we are actively reviewing how best we can meet the needs of our Lead Professionals and would appreciate any input you have on what you need to continue to provide quality early help and TAC in Lincolnshire. Although as a team we are limited to offering virtual support to professionals at present, we are making this work through calls, emails and Microsoft Teams. If you would like to discuss a specific child/case in detail then please contact tacadmin@lincolnshire.gov.uk or earlyhelpconsultants@lincolnshire.gov.uk to arrange this.

We also wanted this opportunity to share with you that our TAC learning and development sessions can now be accessed via the Local Children's Safeguarding Partnership's Virtual College 'Enable' portal alongside their safeguarding training. We would love to see you at these sessions so would encourage you to sign up as spaces will be limited.

To sign up to a forum please click [here](#). We will operate a waiting list and add more sessions if needed. Please feel free to book on any session that is most convenient.
