Parent Website Guide

Dear Parents/Carers

Below you will find a useful guide on how to access different areas of our website to support your child's learning at home. Please make sure you have downloaded our Safer School's App which will support you to keep your children safe on line. See separate letter.

There are many useful resources on our website – for full time children follow the steps below to help you to access the curriculum information for learning this term.

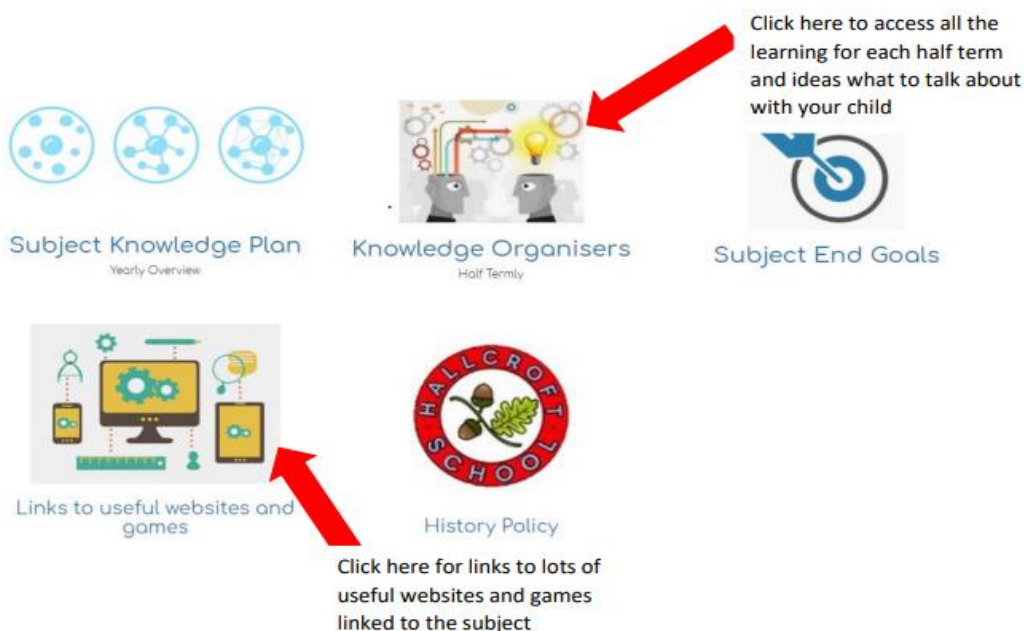

Go to the home page and find the drop down tab 'Our Curriculum' as shown below.

Click on subjects and select which subject you wish to view.

The screenshot shows the website's home page. At the top left is the school logo and name. A red navigation bar contains links: Home, Our School, Key Info, Our Curriculum, Classes, Parents, Community Links, and Contact Us. A red arrow labeled 'Step 1' points to the 'Our Curriculum' link. Below this bar, a dark grey dropdown menu is open, listing: Curriculum Policy, British Values, EYFS Curriculum Information, Subjects, Curriculum Drivers, and Curriculum Intent. A second red arrow labeled 'Step 2' points to the 'Subjects' option. The background of the page features a photo of a young girl with a red bow in her hair, smiling and touching a black horse's nose. To the right of the dropdown, the text 'Welcome Message' is visible, along with a search bar and social media icons.

Once you are on the subject page you can access a variety of resources:

Finding the Knowledge Organisers:

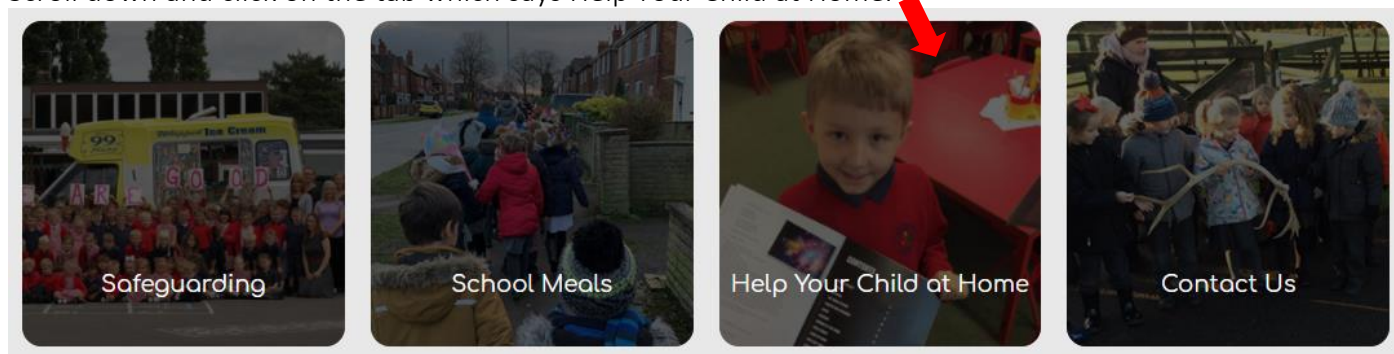

Finding the Help Your Child at Home Page:

Go to the home page of the school website.

Scroll down and click on the tab which says Help Your Child at Home.

Finding the Early Years Curriculum Page:

On the home page of the school website click on the 'Our Curriculum' tab.

In the drop down menu click on 'EYFS Curriculum Information'

Please remember to supervise your children whilst they are online to ensure they are safe – click the link below to access our website page that is full of information about how to be safe online.

<https://www.hallcroft.notts.sch.uk/key-information/esafety>

Children will be able to use their log in details to access Purple Mash activities and online reading books on Phonics Bug at the following website addresses.

<https://www.purplemash.com/sch/Hallcroft>

<https://www.activelearnprimary.co.uk/login>

In the event of a closed bubble or school closing for lockdown your child's teacher will send you links to White Rose Maths, Oak National Academy English lessons and Phonics lessons provided by the Department for Education (DfE) if relevant to your child's year group.

If you have any problems accessing the online learning please contact your child's teacher.

Yours sincerely

Mrs J Cook
Head Teacher
