

# Greenfield Nursery & Pre-school

23 October 2020

Dear Parents/Carers,

We have made it to half term children and staff are very tired and welcome the break next week. The children are now settled, therefore after half term parents are **not** allowed in the classrooms. It is even more important for the school to follow Government Guidance as Covid-19 numbers continue to rise. Please remember to wear your face mask on site.

## In the Moment Planning

The school is moving to a style of planning called **In the Moment** – it is very child focused. As part of this your child will become a 'Focus Child' for a week – it is essential you complete the information for staff please.

- There will be information about this on our website soon.

## Class Emails

Staff are very busy during drop off and collection time. Please use the class emails to share information about your child and any queries you may have – staff will get back to you.

Snack Donation money is due for the next half term please. Without this we would not have enough money to buy fruit and snack.

Thank you

### Parent Questionnaire

Thank you for the positive responses from our recent questionnaire, we can only improve what we do if we gather your feedback - congratulations to Leiah, Cairo and Amiyah who will receive a book.

*"I believe this has created a fun, calm new experience to communicate with staff, other children and their parents - it also created an opportunity for my child and I to spend 1-1 time in a new environment with lots of new activities".*

*Parent quote*

**Remember to inform the office if your child is absent 01992 760779 option 1.**

**Please check your emails for home learning.**

In the holiday help your child by letting them get dressed on their own, putting on their own coat. Teach them to wipe their nose and wash hands correctly.  
Thank you
