Dear Parents of Willows Class

At the present moment, we continue to be unable to re-open Willows bubble tomorrow. We have done everything we can today to get the bubble back open, but we are unable to staff the bubble safely. I have sought advice from Calderdale Public Health, who have advised that the safest option is to keep the bubble closed on Tuesday 10th November.

At the moment, all we can do is update on a daily basis. I am trying to give parents as much planning time as possible. Should we get notification later today that we are able to re-open the bubble, I will of course notify you immediately.

Once again, I am sorry to bring this news to you. It has been a very difficult decision to make. Thank you for your co-operation and support in this matter.

Miss Embleton
Headteacher
