12th November 2020

Dear Parents/Guardians

In school we have subscribed to a super online resource called 'Maths with Parents' – this is a great website for parents to use when helping support their children with maths learning when at home, particularly in the event of remote learning. It has videos and guidance linking to the methods of maths teaching we use in school, following the Maths Mastery approach.

To get this set up, the company need to create individual username log in information for all of our families. We intend to send them the first parent contact name and email address so that they can set you up with a log in for using this website UNLESS you decide to opt out and not have access to this great resource.

If you wish to opt out of this great resource purchased for parents and families, please let us know by Friday 20th November 2020. You can do this by emailing the **school office ONLY** on office.stpatricksbirstall@kirkleeseducation.uk saying:

I, parent of _____ wish to opt out of Maths with Parents.
Please do not share my name or email address.

If you **would** like a log in created for you to use, please do nothing. Anyone we do not hear from will automatically be signed up to the programme.

Thank you for your support.

Yours Sincerely

J. Smith

Miss Smith

Deputy Headteacher
