

Winter Term 2020

November 2020

Dear Parent/Carer

Due to the risk of both flu and COVID-19 this winter, the National flu immunisation programme will be essential to protecting vulnerable people, communities and health care system against the flu.

For further information regarding the vaccine please visit:-

<https://www.nhs.uk/conditions/vaccinations/flu-influenza-vaccine/>

Parents who have refused the 'Fluenz' nasal spray flu vaccine, due to the porcine gelatine content, are this year being offered an injectable vaccine which does not contain porcine gelatine.

If you wish for your child to receive this vaccine when stock becomes available, please contact the school immunisation team on **01900 705867/705871 prior to 30th November 2020.**

If you have received this communication following the 30th November 2020, you can still contact the team to arrange vaccination.

Yours sincerely

School Aged Immunisation Team
