With faith, we care, share and learn together.

Tuesday 5th January 2021

Dear Parents & Carers

Thank you for keeping children at home and helping everyone to stay safe.

We are busy planning suitable activities for home learning. We understand that some families have good online access and tablets or laptops which children can work on. Other families have limited or insufficient access to online learning, particularly where there is more than one child trying to complete work at the same time.

We intend to plan learning tasks which can be completed online or on paper for children to work on at home. The paper and online tasks may not look the same, but they will be age-appropriate and develop similar skills. To do this successfully we need your assistance please.

Can you tell me which learning method you prefer for your child. If it is paper-based you will need to collect it once-a-week from school. If it is online learning, please look at the list of daily activities which we will issue shortly and complete the tasks set each day. This is likely to be based on The Oak National Academy lessons, so please avoid using these for now to avoid repetition. Purple Mash activities can be used this week.

We intend to have learning packs prepared shortly. For those children in school we will complete the tasks for that day in the classroom.

Please email info@bradwell-inf.derbyshire.sc.uk with either of the following responses:

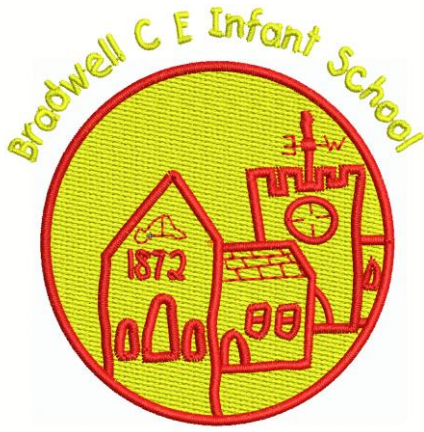

1. *Child's name work on paper*
2. *Child's name work online*

As always, if you need to chat about anything at all, please let me know.
