With faith, we care, share and learn together.

Thursday 7th January 2021

Dear Parents & Carers

Thank you for keeping children at home and helping everyone to stay safe.

We have planned online activities for children to complete at home. Mrs Moss has organised daily lessons for next week suitable for each age group. Simply click on the link for that lesson. Each online lesson will incorporate a teaching element delivered by The Oak National Academy. The lessons are available at any time, so you can revisit if you need to.

We have prepared paper packs of activities which can be collected from the top of the school drive on Friday morning. These activities are for next week but your child may need your support as no introduction or teaching is available for these particular tasks. We will issue another pack next Friday for the following week. Please can you return the completed work in the plastic pocket when you collect your second pack.

We have postponed our topic work on Australia until we have all the children back in school. Instead we are asking children to think about living in a village, keeping healthy and changes in how people have lived in the past.

You can still access activities through Purple Mash, and the BBC are broadcasting up to 3 hours of educational programmes each day on CBBC from Monday 14th January.

Finally, I believe Joe Wicks has been stretching off, so enjoy some exercise but watch out for the bone china and family heirlooms! Take care and stay safe.

As always, if you need to chat about anything at all, please let me know.

Geoff Wharton
