Free Increase to Data Allowance Offer

Dear Parent/ Carer,

If you do not have broadband at home, we know you may be struggling to access the internet for your child to engage with their remote learning while face to face learning in school is unavailable.

We may be able to help with either additional mobile data, if you have a mobile device on some networks, or a 4G wireless router. This is offered through the Department of Education's **Get Help with Technology** scheme.

If you think this could help you, please contact us by emailing us using covid@stockingfordacademy.org. We will ask you some questions to check if you are eligible for one of the schemes. If we think you are eligible, we will make an application on your behalf.

The offer available for both additional mobile data and 4G wireless routers is very limited and offered on a first come first serve basis. So please don't delay in getting in touch with us.

Yours sincerely

A handwritten signature in black ink that reads 'R. Darling'. The signature is written in a cursive style with a large loop at the end.

Rob Darling
Head of Education, Primary
