## **Lockdown Latest!**

First of all, a huge well done to everyone for adapting to remote learning so well! We have been hugely impressed with everyone's engagement and we are really pleased to say that we have had contact in some way with 99% of families every day. Please do let us know if we can help further. Well done Netherthong!

Thank you to those parents who have sent us messages of encouragement and gratitude. They really mean a lot to all of us. I am super proud of all the staff who continue to provide high quality education to both the children at home and those who are attending school as children of critical workers—even when our internet failed on Monday morning!

As you will have seen in the news, numbers of children attending schools are significantly higher than in the previous lockdown and we would urge you to consider carefully when accessing our provision to ensure the safety of all children and the staff here at school. The guidance states: - 'Children with at least one parent or carer who is a critical worker can go to school or college if required, *but parents and carers should keep their children at home if they can*'.

We have a number of staff and children in school with critically vulnerable relatives at home who would greatly appreciate this consideration. Thank you.

Please stay safe and wherever possible stay at home.

## **Parent's Evening**

We would normally be holding a parent's evening this half term. However, we have decided to delay this until, hopefully, we are all back in school.
