Dear Parents & Carers

Thank you for completing work at home with children. I hope it is helping both you and the children. Once again, thank you for keeping children at home and helping everyone to stay safe. I am aware that restrictions are tough and the days can be long, lonely and trying.

There is a lot of advice around and we are being peppered by ideas which can sometimes be overwhelming. If you are feeling fed-up, or worse, please check-out the tips on these 3 links:

The links are also on our school website.

Although there is a lot of speculation about children returning to school, there is no published date for schools to re-open yet. We all want to get children back to school as soon as it is safe to do so. In the meantime, please be reassured that anything you are doing with your children is helping. All children will need to adjust to classroom routines again once school re-opens. All children will have reached different points in their learning.

So, just as last year, teachers will assess learning and plan accordingly once children return. Please do not worry that your child is falling behind. Teachers will take their learning forward once school re-starts from wherever their learning is at that time.

As always, if you need to chat about anything at all, please let me know.
