Weekly letter – results of parent and carer survey

Dear parents and carers

New teachers

We are pleased to have two new teachers working with us this term. Miss Greene and Ms Begum have joined us remotely from the London campus of the University of Cumbria where they are trainee teachers. During this placement they will be supporting children with remote learning. Miss Greene will largely be working with Year 4 and Ms Begum with Year 6.

Responses from parent and carer remote learning survey

Thank you to the many parents and carers who responded to our remote learning survey. This provided us with useful feedback. It is encouraging to know what works well and you also gave us helpful suggestions. I shared the anonymised results with teachers and governors yesterday. I have attached a summary of the responses to this email.

It is clear from many comments that home learning poses a range of challenges for families and we appreciate the huge efforts that you are making to help your child engage daily with their learning. Thank you!

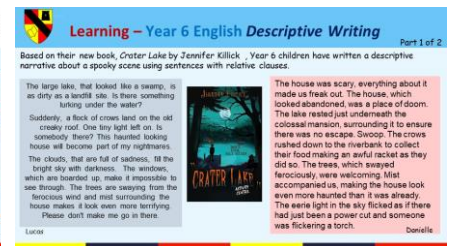

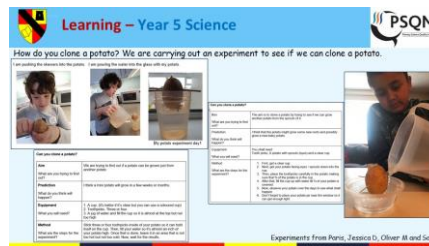

Information about our remote education provision can be found on the Curriculum page of our website or at this link: [Remote education provision: information for parents](#)

The pupils have also completed their own survey and their comments gave us a good insight into their experiences. We will listen to their suggestions and yours to help us improve our remote learning.

Celebration Assembly – lockdown learning showcase

Last week's Celebration Assembly slides included many great pieces of work from the children.

You can view the assembly here: bit.ly/SJScelbration5Feb

Yours sincerely

Mr Hunt

From Luton Council:

Parent carer voice – from Luton Council
