Staffing news

Although there were some changes to staffing at the start of term, it's only this week that children have actually been with their new teachers.

 HUGE congratulations to Mrs Hansen who is now a member of our senior management team, lead for computing, boss of LKS2 and class 14 teacher!

 Miss Hamilton is now teaching class 6 full time instead of just afternoons.

 Miss Passmore has joined the Hyndburn Park team. She is teaching class 7 and is leading art.

This week . . .

It has been so lovely to see all of our children back in school. I don't think I've ever seen such happy smiley faces coming in to school! The thing that surprised me most, was how much everybody had remembered about our routines, plans and COVID rules.

Children will all be in school at lunchtimes. Gates will open at 08:45, and children will come home from 15:00. There will be no swimming this term for Y4 children.

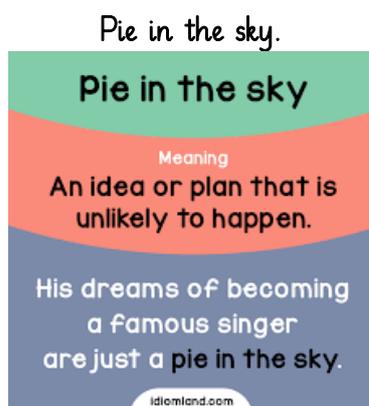

Thank you for your support from home getting children dropped off and collected safely too, especially on wet days, when queuing is a particular nuisance.

Thanks also for your amazing support for your children's learning over the last three months. So many children have carried on learning from home, often producing some excellent work, but I bet you're glad to have them back at school though!

The best thing this week, has been seeing children working and playing together again. Learning how to take turns and to be a good friend will be at least as important, if not more so, than catching up on missed lessons.

For the three weeks up to the Easter holiday, we will be concentrating on children's mental health and well-being, their social skills, and physical development (including lots of time outside, weather permitting), as well as catching up with reading, phonics, writing and number work. I'm sure no-one will be bored!

This week's saying . . .

Can your child tell you what it means? Can they use it in a sentence correctly?
