

Using ICT safely at Queens Park Academy.

1. We will only use the computers to look at information that our teachers tell us to.
2. We will log on and off of the computers and the learning platform using our own username and password.
3. I will not give out any personal information such as my name, telephone number, address or photograph.
4. I promise not to use horrible words when I send emails as I know this will upset others.
5. I will tell a grown up straight away if I see something on the computer that upsets me.
6. I know that teachers might check the websites that I use. They will know I am using ICT safely.
