Reporting Positive COVID 19 Result during the Easter Holiday Period

Monday 22nd March 2021

Dear Parent/ Carer,

We have read the recent guidance from the Local Authority (CBC) in respect of the Easter holiday and the process for reporting positive COVID 19 tests.

CBC has consulted public health colleagues who have advised that schools and parents and carers follow the process below:

1. Please continue to contact the school by telephone on 01525 376085 from today until Friday 26th March if your child has the onset of symptoms of COVID 19 and if they have tested positive.
2. If on Saturday 27th and Sunday 28th March your child has the onset of symptoms of COVID 19 or has tested positive, please contact the school to let us know via email at office@clipstonebrooklower.co.uk
3. From Monday 29th March if your child has the onset of symptoms of COVID 19 or has tested positive, please **do not** contact the school. Public Health and Central Bedfordshire Council have informed us that no contact tracing is then required as the transmission is unlikely to have been in the school setting.

If there is a positive case within a class bubble and we need to inform you that your child has been in close contact, we will send you an email with the relevant information to follow from Public Health at Central Bedfordshire.

Thank you in advance for your co-operation, our aim is to keep everyone safe and to inform parents/carers if required.

Kind regards,

Mrs S Reay
Headteacher
