

Easter Competition

This week will be looking at the meaning of the **cross** in collective worship. The **cross** is more than a symbol: it tells a story. This is a story that has impacted on millions of people and will continue to inspire and shape people.

By looking at different crosses, we uncover stories about diverse communities for whom the story of the cross of Jesus is at the heart of their faith.

What?

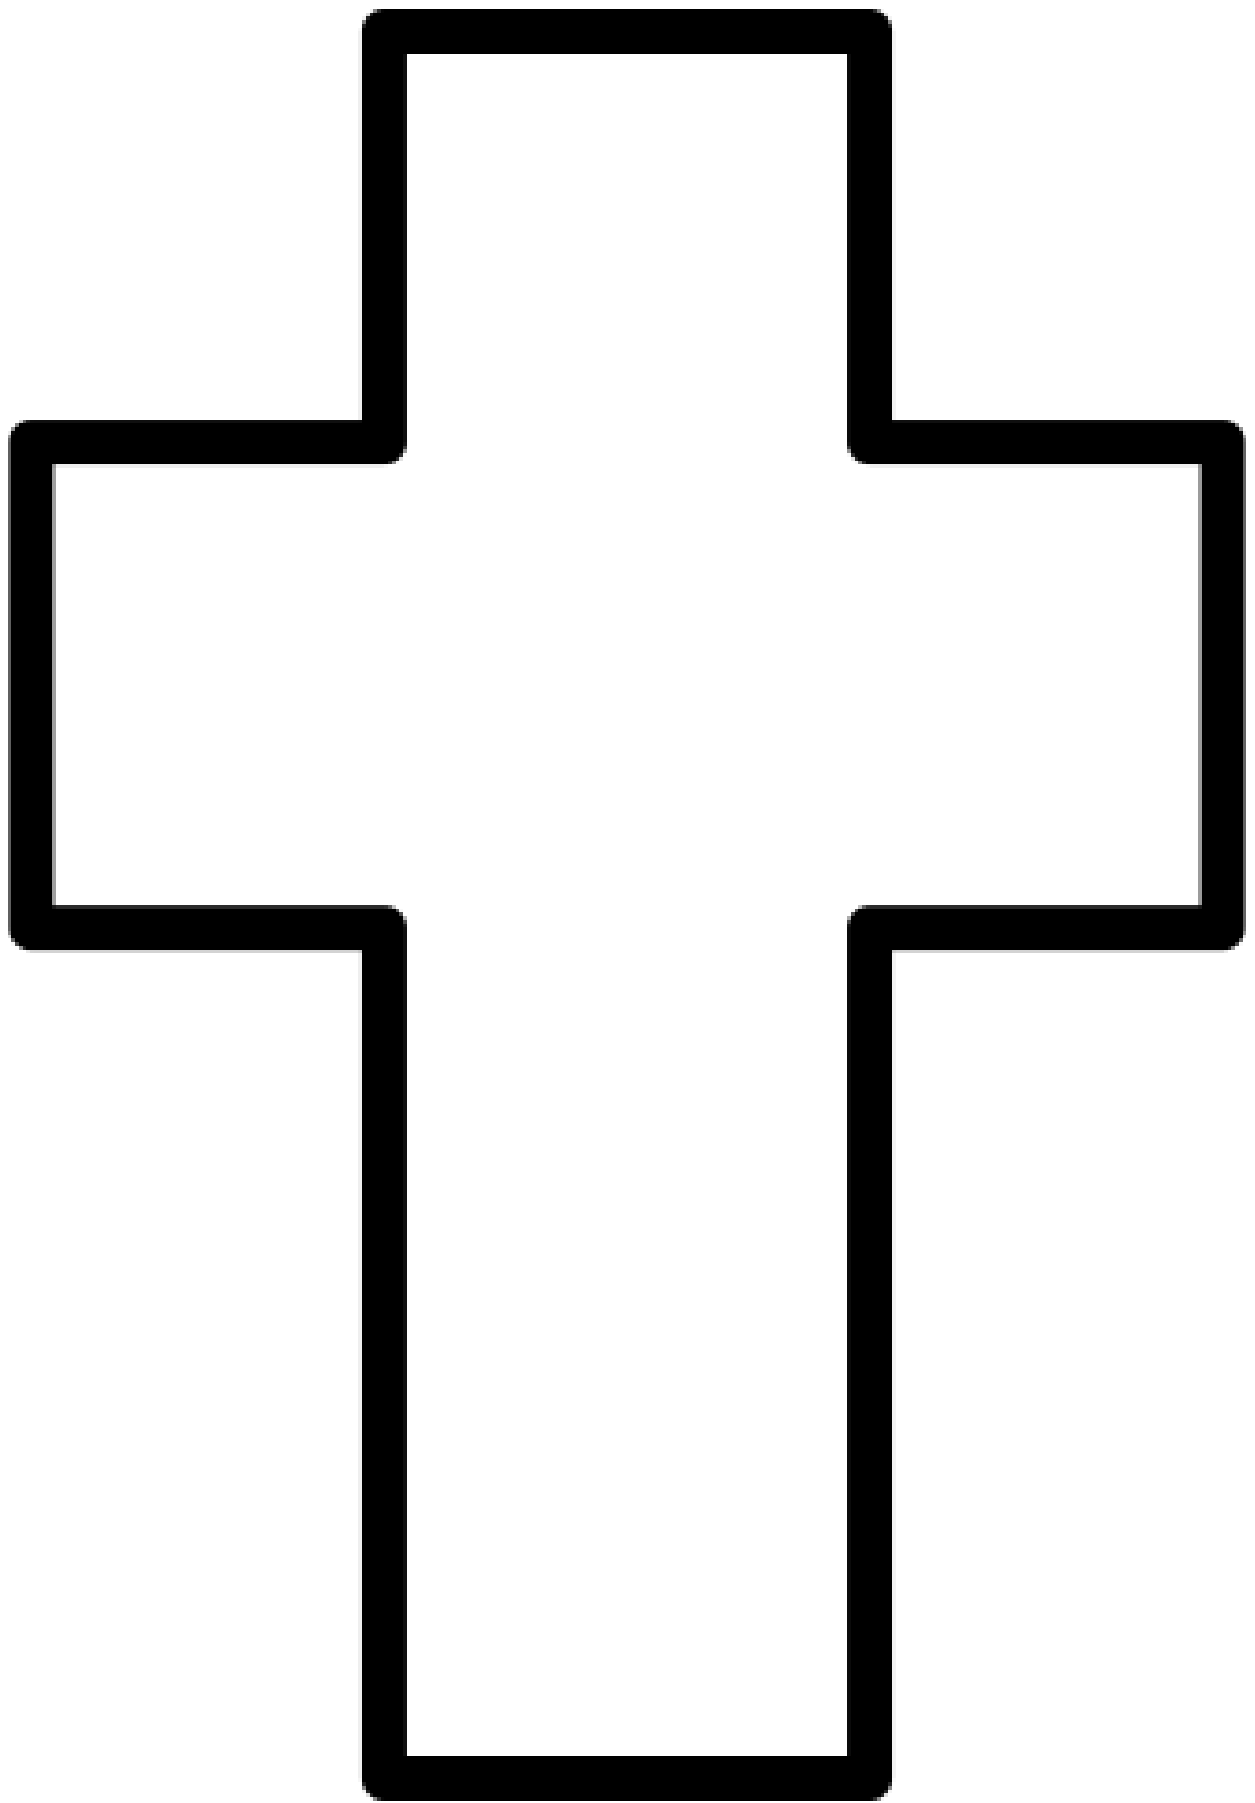

Design a cross on the template, or on paper, using art that shows you and your faith. You can get a template from the school office. You can draw, paint, stick ...

When?

Hand in to your class teacher by **Wednesday 31st March, 2021.**
