

# Wickersley Northfield Primary NEWSLETTER

26th April 2021

Volume 28

## Virtual Parent Consultations

The electronic sign up system for the virtual parents meetings will be available from **9am Tuesday morning this week. (27th April)**

You will be able to book your appointment using the Arbor app and further guidance will be sent out today.

The meetings will be held on **Tuesday 25th May and Thursday 27th May** with Tuesday being the night with the later appointments.

There will be enough slots (30) for all the children's parents/carers to sign up and we hope that we get to speak to everyone during these two nights. (Please, note that there is only one slot available per child.) If you have twins in the same class, please sign up for two appointment slots.

Google Meet links and further instructions will be sent out closer to the time when all parents and carers have signed up for an appointment time.

## Before and After School

Please, remember that before and after school parents are expected to keep an eye on their children at all times and ensure their children are making the right choices and behaving appropriately while on the school grounds.

Last week it was reported that some children were throwing sticks and one hit a baby.

## Beat the Street

How far have you walked this weekend?

How many points have you achieved so far?

Our school now has over 98,000 points which is absolutely brilliant. (Double the number of points we had this time last week!) We are still in second place for total points and now only about 3000 point off the school in first place.

Keep up the great walking, scooting or biking this week.

## Gold Awards

A huge WELL DONE to Dylan Duffy

and

who have both achieved their gold award on Athletics.

Keep up the fantastic work everyone!

## E'Safety

### Google Be Internet Legends 3D Trophies

In KS2, we use Google Be Internet Legends resources to support us to use the internet safely and responsibly. It is very important that we are all Internet aware whilst using apps, games and websites at home too.

This week, children in KS2 will be given a Google Internet Legends Parent Kit to take home containing instructions to build their very own 3D Internaut Trophy! Families are encouraged to have fun by scanning the QR code and playing the Safer Internet games to support their child with being further Internet aware whilst building the trophy.

Further resources to support online safety at home can be found on our school website.

We hope you enjoy building your trophies – please share your pictures on Google Classroom!

## ITV News

We have been informed that the video and interview of some of our pupils will be broadcast **today at 6pm.**

The pupils did a great job and we look forward to seeing them on the television tonight!
