

Dear Parents,

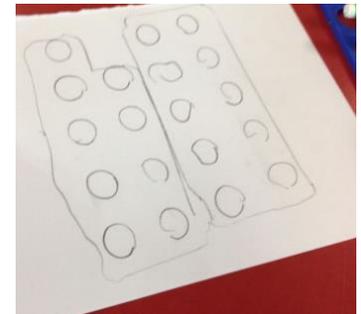

Reception had such a busy week! We have been getting excited using our new token system which is helping us to get ready for Year 1. This week the children have been learning about the differences between some transports that we use every day.

During Numeracy, the children have been continuing to count in twos, fives and tens. The children loved making number lines and counting the Numicon. They have also been uploading their own work using Seesaw and enjoying being in charge of their own work.

The children have been writing lots this week! Their favourite writing task was when they were asked to write about their morning before school. We heard some lovely sentences and some of them wrote about their journeys to school with each other, which was lovely. We have had some excellent writing this week.

We are continuing revising our Hebrew letters, this week we learnt Chet and Tet. We know that Chet looks like a chuppah (a wedding canopy) and we had lots of fun outside in the lovely weather creating Chet looking shapes out of blocks, crates, drainpipes and anything else we could! We also learnt tet has a hole in its top and we found all the things around the classroom we could find that began with the 't' sound. I have assigned relevant games on JI Tap, please allow your child to play the games on the app, all sign in details can be found in your green link books, any problems please contact the Reception Team through the book.

This week Reception carried on learning to say אש - esh (fire), מדורה - medura (Bonfire), תפוח - tapu'ac adama (potatos), פיתה - pitta, חומוס - Hummus, סלט - salad (salat) and עוגה - cake (uga), for Lag Ba'omer.

Reception carried on learning the song Esh bo'eret - שיר ילדים לל"ג בעומר אש בוערת/ מירב - <https://www.youtube.com/watch?v=3ICguENW9so>

Our week's attendance was 100%. Weekly attendance needs to be over 96%.

Shabbat Shalom,

Reception Team
