Sports Week 21st June 2021

During Sports Week, we will be inviting parents in to watch one event over the week. Due to covid restrictions we cannot invite all parents in together so we will only have two bubbles at a time and these will be kept apart. You will be required to anti-bac on the way in and out and wear masks until you are seated outside. We will also be asking for only one parent per child - mum or dad (not both). If parents are split, can we ask that you decide between yourselves who will attend. Thank you for your cooperation! See events calendar below. Also bear in mind these will only possible in fair weather.

Corona Virus Symptoms and Testing

If a child in school starts to develop any symptoms of the corona virus, school will isolate that child and telephone their parent/carer to pick them up immediately. The parent will then need to book a test for that child. Until you get the test results, the whole household should self-isolate. If that child's test comes back as positive, all children and staff who were in close contact with that child will be asked to self-isolate for up to 10 days (you will be advised). If negative, they can return as soon as the test result is received (providing they feel well enough). Testing is booked on this link:

<https://www.nhs.uk/conditions/coronavirus-covid-19/>

If any member of your household develops any covid19 symptoms, please do not send in your child to school and make sure the whole household isolates until that person has had a negative test result. If the result is positive, the child will have to isolate for 10 days.

In school we are ensuring that each class is in their own bubble. This means that they cannot mix with other children from other bubbles. If your child attends school, can you ensure that you continue this outside school as much as possible please. Please, please, please help us to ensure that the bubbles do not get burst and that we can continue to keep the children and staff safe at school.
