

Foundation Newsletter

Friday 23rd July 2021

Dear Parents

It is time for our final newsletter of the year! The Foundation team would all like to say a huge thank you and well done to all of the children for the incredible joy and fun that they have brought to us through this most difficult of years. We have been through such challenging times, the likes of which none of us have ever been through before, yet through it all, the children have coped with acceptance and tenacity, and have made us proud to know them, and to help to guide them through their first year of school. From September, when with no transition, they all accepted us and made our first days such a joy as we all got to know each other, through isolations and lockdowns, through missing each other very much, and the happiness of each reunion, we have been blown away by the maturity, and strength of spirit that each child has shown. Academically the children have worked so hard at school, at home through lockdowns, and back at school, and they have made absolutely wonderful progress. We couldn't be prouder of them. They are all ready for the new challenges that Year 1 will bring, as well as hopefully a much more normal school year for them, and we wish them all the very best as they move on, (and we promise that we will visit them lots!)

Thank you as well to you wonderful parents and carers, who trusted us with your children in September, and have supported us and worked so hard with the home learning, with reading with your child, with homework and with practising lessons taught in school. We have loved being a team with you, and we will miss you a lot.

Can we also remind you that if you would like to download and keep your child's Tapestry profile, it is available to download until Friday 6th August. To download please follow the instructions contained in this link:

Have a wonderful Summer holiday, and a well-deserved rest. Take good care.

Kind Regards

The Foundation Team
