Covid Update

We have had reports of positive Covid cases within our school community. Those children who have been in close contact with positive cases have been written to directly and have been asked to self isolate as per Government guidelines.

We remind you to be vigilant of the 3 main symptoms of Covid which are a persistent cough, loss of taste and/or smell, high temperature. If your child displays any of these symptoms you must arrange a Covid test and notify us ideally by email on office@tjs.org.uk as this email is monitored at least once per day during the weekend. It is really helpful if you can let us know the day symptoms started. If your child has taken a Lateral Flow Test and is positive, please let us know. Positive Lateral Flow tests require a PCR test to confirm a positive case of Covid 19.

We have been approached by some parents about Lateral Flow Tests which are not compulsory for primary school children to do, however if you would like to test your child or your family at home, these tests are easily obtainable from:

We are relying on parents communicating with us to assist with identifying bubbles which need to close, and we thank these families for their speedy communication. We wish all families with positive cases, a safe and speedy recovery.

We thank you for your continued vigilance and ongoing support.

STAY SAFE

Clubs

There will be no Cycling or any Athletic clubs next week.

And remember there is no Year 3 & 4 football or Basketball next week as per the original schedule.

3T And Sports Day

3T have their swimming lesson on the same day as their Sports Day activities. We have arranged it so that they will be taking part after lunch, so will be able to do both on the same day. On the day, children need to come into school wearing their clothes for Sports Day and bring their swimming kit as usual.
