@WelfordPrimary

Dear Parents/ Carers-

I am writing to you during the most challenging of times at Welford; a time caused by the spread of the Delta variant and rising Covid infection rates.

As you will be aware, over the last few weeks bubbles have burst in school due to positive Covid-19 tests. This has meant that groups of children and staff have not been able to be in school. Staff members and classes of children have had to resume remote learning, only returning to school when periods of isolation are over.

At the end of this week, due to another positive Covid-19 test, we have sadly had to close the Year 4 bubble again.

We understand and share your frustration about having to take the actions we have had to take, but we are bound to follow current Government and Public Health Guidance to ensure the safety of everyone within the community.

I apologise most sincerely for the challenge, inconvenience and impact that this continues to have on Welford families and ask that you get in touch with us should you need our help and assistance with anything.

We are very grateful to all staff in school who have had to take on extra responsibilities to try and ensure consistency for the children in school –we can't thank you enough...

If you look at our Twitter feed or the school website you will see the wonderful Welford-super-Mare event we ran for Year 6. This would not have happened without staff in school demonstrating their multi-tasking skills and flexibility to create magical memories for Year 6 children as they near the end of their Primary School Journey. A fabulous example of Team Welford at it's finest...

I am hoping for the best end of term we can possibly have given the circumstances...

Moving forward, I look forward to a time when we can all come together as a school once more, to give the children the consistency and continuity they need to really thrive and shine.

I continue to feel blessed to be the Head Teacher of Welford and I really do thank you for all the consideration, care and commitment that you show, as you work with us to provide the very best education for all Welford's children...

Stay safe and well,
Mrs C Foster
