

Year 5 Newsletter – 17th September 2021

Our learning this week:

In maths this week, we have been continuing with place value. We have been comparing and ordering numbers up to 1 million using greater than, less than and equals.

In English, we have been practising a range of sentences and skills including dashes and commas for parenthesis, extended speech, description detail sentences and imagine 3 sentences.

In learning mission this week, we have been identifying and naming the major cities and counties in the United Kingdom. We have also been designing new cities, flags for North Yorkshire and leaflets for a city of our choice.

In science this week, we started our new topic of 'Earth and Space'. We identified how the planets move around the sun and the importance of the sun being at the centre of our universe. We researched about heliocentric and geocentric solar systems.

In PE, we continued with basketball and practised dodging and dribbling with the ball.
