

Virtual 2021 Virgin Money London Marathon

Mrs Mudd is running a marathon! 3rd October

This is my niece Beth who is 13 and suffers from very severe epilepsy that cannot be treated with the usual medicines. I'm running to raise money for the Daisy Garland, a small family-run charity that provides support for children with drug-resistant epilepsy and their parents/carers. They work with the NHS to provide support that is not widely available due to lack of funding. They also provide grants for families for night-time breathing monitors to children with drug-resistant epilepsy. The Daisy Garland has been there for my sister and her family and I'm trying to raise as much money as I can to support them so they can continue their valuable work supporting other families.

I've never done anything like this but I've been training since April and can now run 20 miles! The support I have received from everyone has meant so much and will make such a difference.

If you would like to sponsor me and help this wonderful charity you can...
