Medicines at Forest Glade

Prescribed Medicines

We can administer a medicine where it has been **prescribed** by a doctor or from the hospital.

Prescribed medicines need to be in the container that has the dosage, name of the doctor and the name of the child clearly printed.

Where prescribed medicine is brought into school a parent will need to sign the medicine book filling in all the details for the designated First Aider to administer at the appropriate time in school.

Un-prescribed Medicines

If your child does need to take un- prescribed medication in the day eg: Nurofen/Calpol/paracetamol, you can come into school and administer it yourself to save a days' absence.

This can be administered by arranging a time with the office to come in to give your child the medicine. When considering a suitable time it is important for their learning that they are undisturbed in lessons. A good time would be the lunch break 12.20pm - 1.20pm.
