Broadfield is a very inclusive school. We will ensure that our school works hard to meet the emotional, social and educational needs of your child.

## WORKING TOGETHER

It is important for the school to work closely with parents. Your first meeting with the school is your opportunity to let us know what educational experiences your child has already had or if they have not had the opportunity to attend school before. This is vital information which helps us to plan appropriate provision for your child.

It is very important that you let us know if your child has any special educational or emotional needs or does not speak English.

We are here to help.

If you need help with accessing any other service or agency we are always here to support you. Please just ask.

The happiness, safety and achievement of your child is our goal and we will always do what is in their best interests.

You can join ESOL, Literacy and Numeracy classes in our Community Room.
