

Glen Park Primary School

Freedom of Information Policy and Publication Scheme

February 2013

**This is GLEN PARK PRIMARY SCHOOL's publication Scheme
On Information available under the Freedom of Information Act 2000**

The governing body is responsible for maintenance of this scheme.

1 Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public. To do this we must produce a publication scheme, setting out:

- The classes of information which we publish or intend to publish;
- The manner in which the information will be published; and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form and we are aiming to make it available on our website as soon as possible.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the information Commissioner.

2 Aims and Objectives

The school aims to:

- Provide a secure and caring environment where there is equal respect for all and where all members of the school community are concerned with promoting the academic, moral, social and physical development of the children.
- Recognise and develop children's individual qualities and to encourage them to adopt a tolerant, respectful and understanding attitude towards others.
- Encourage articulate children with enquiring minds who have the necessary self-motivation and enthusiasm to fulfil their potential.
- Ensure that the skills of literacy and numeracy are provided through a broad and balanced curriculum for all children.
- Develop skills which will enable children to achieve a fulfilling lifestyle and to encourage them to be responsible members of their local community and society as a whole.

and this publication scheme is a means of showing how we are pursuing these aims.

3 Categories of Information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

- School Prospectus – information published in the school prospectus
- Governors' Documents – Information published in governing body documents

- Pupils & Curriculum – information about policies that relate to pupils and the school curriculum
- School Policies and other information related to the school – information about policies that relate to the school in general.
