

Dunton Bassett Parent Teacher Association

Our fundraising initiatives have been hugely successful in previous years, generating thousands of pounds for the school. This achievement is attributed not only to the enormous efforts of the PTA but to the immense support received from parents, pupils, staff and the wider school community.

During the 2013/2014 school year the PTA funded a whole school pantomime trip including transport and refreshments; provided every child with access to Library Services resource material supporting the National Curriculum within specific year groups; contributed towards school staging utilised during school assemblies and performances; and procured a new cooker and hob for the kitchen.

All Parents at Dunton Bassett School **automatically** become members of our very active and supportive PTA when their child joins the school. The PTA Committee always welcomes and encourages new members ensuring there is a breadth of representative opinions from all 7 year groups and also allows us to capitalise on the talents, skillsets and experience of our parents and staff.

Our meetings are open to everyone, so why not come along to one and listen to the range of topics being discussed? You can contribute as much or as little as you wish, meet new people and have a say in how the PTA raised money should be allocated. The meetings are friendly and relaxed and held monthly usually beginning at 7.30pm. Dates of forthcoming meetings, as well as minutes of previous meetings and the PTA newsletter are published on the school website. Meetings will also be advertised outside of the school gates.
