

Family Learning at Swinton Queen Primary School

At Swinton Queen Primary School we believe that we are all life long learners. With this in mind, we work closely with Rotherham Family Learning Team to offer termly Family Learning sessions. Parents and carers are invited into school to take part in a variety of adult learning opportunities including City and Guilds National tests in Literacy and Mathematics and parenting programmes. Alongside adult only learning, we offer Literacy and Maths programmes where parents and children work together; parents have the opportunity to improve their own skills as well as learning how to support their child. We have found that not only does Family Learning improve literacy and numeracy skills but it increases the confidence and self esteem of both adults and children.

Parents and Carers of children in EYFS are also invited to weekly Stay and Play sessions where they can find out about what the children are learning and how they can support at home. Workshops in Maths, Reading and Phonics are held regularly to give parents the opportunity to see their children learning as well as giving suggestions on how to support at home.
