

Swan Lane First School PE Provision

At Swan Lane First School we offer a wide range of PE to all pupils in order to engage and inspire them all.

We provide 2 hours of PE each week. Some of these lessons take place outdoors on the playground or on our extensive field.

The school hall is made available when PE is timetabled so that in the event of inclement weather lessons can continue indoors. We have a full time Sports Coach. His specialist skills are used across the whole school as he teaches every class. He works under the guidance of the school's PE Co-ordinator. The ability of the children in PE is assessed and recorded and their progress is included in the end of year reports. The school is very well resourced for PE. The PE co-ordinator and Sports Coach ensure that expendable items are quickly replaced. The school possesses the longest traversing wall of its kind and we have purchased two Multi Goal units.

Our Sports Coach also provides after school clubs three times a week. These are offered to pupils from Year 1 upwards and include: multi sports, football, rounders and Kwik Cricket. An additional Sports Coach offers an after school dance session. Our PE Co-ordinator runs an inter school football league with other schools in the local area. We provide swimming lessons for pupils in years 3,4, and 5 and we participate in the Evesham First Schools Swimming Gala. This year we won this competition again.

We hold two sports days in the summer term. One is a traditional competitive sports day to which parents/carers are invited and the other is a "Round Robin Sports Day." This involves all of the children being put into family groups to participate in a variety of group tasks for which they gain team points.

A number of events are organised between the local first schools. These include: Kwik Cricket, football, rounders and Tag Rugby. The Middle School into which we feed also arranges activities that our pupils can take part in, for example Tri Golf, cross country, Tag Rugby and football.

Periodically we organise a “Healthy Schools Week.” During this week a range of activities take place such as: “Walk to School, Healthy Eating, Keep Fit, Dance and Yoga.

We have endeavoured to make playtime more interesting for the children by purchasing a variety of games and activities.

Our Year 5 pupils have the opportunity of participating in a three day residential trip to The Malvern Hills Outdoor Centre. Here they participate in a range of adventurous activities which include rock climbing, orienteering, hill walking, forest walk, archery, problem solving, high bridges, low level ropes course and nightline and tunnels.
